

A Note From Nicole

The heat of summer is done, and the chill of winter hasn't yet begun. It must be October!

As of the publication of this newsletter, our entire community remains under quarantine. I am hopeful that in the coming weeks, we will see that mandate lifted. When that day comes, we will need to be diligent in wearing our masks, washing our hands frequently, and social distancing. Thank you for your continued support during these difficult times.

As always, if you have any questions, concerns, or suggestions, please contact me.

Golden Heart Award

Each year, The Hearth honors one outstanding employee at each of its locations. This is a team member that has been nominated by residents, families, and/or other staff because he or she consistently goes above and beyond for our community. This year, we are proud to announce that not only was **Denise Jefferson** selected as our August employee of the month, but she also received this special award!

Denise grew up in Muncie, IN and graduated from Muncie Southside. She always knew she wanted to get into the healthcare field because she enjoys caring for people. So, in 1989 she became a CNA and in 2001 a QMA. Denise has worked for The Hearth for just over a year and says, "The Hearth is a nice place to work. I enjoy the residents and my coworkers."

When she isn't working, Denise loves spending time with her family— 4 kids, 17 grandkids, and 5 great-grandkids. This means she often travels to Texas, Tennessee, and Missouri to enjoy family time. She also likes shopping and watching Blue Bloods, Family Feud, NCIS, and The Paynes.

We are so thankful to have Denise on our team!
